

Consent for Drug/Alcohol Testing

If you are offered and accept employment with The Kleen Team, you may be required to take a urine/blood test for drug and/or alcohol use. The Kleen Team requires random drug testing for all employees to ensure a safe working environment.

I _____ have been fully informed of the reason for this urine test for drug and/or alcohol (I understand what I am being tested for), the procedure involved, and do hereby freely give my consent. In addition, I understand that the results of this test will be forwarded to my potential employer if part of employment or to my employer if I have been hired and become part of my record.

If this test is positive, and for this reason I am not hired or am fired, I understand that I will be given the opportunity to explain the results of this test.

By signing the form you are authoring Quick Care to release information to The Kleen Team.
